

Virtualising the d -invariant

Damian Lin

An essay submitted in partial fulfilment of
the requirements for the degree of
Bachelor of Science/Bachelor of Advanced Studies (Honours)

Pure Mathematics
University of Sydney

March 13, 2023

Contents

1	Introduction	3
2	Preliminaries	4
2.1	1	4
3	Virtual Knots	5
4	Gordon-Litherland Linking Form	6
5	Gauss Codes and Knot Algorithms	7
6	Computing Mock Seifert Matrices	8
A	Algorithm	10

Chapter 1

Introduction

Introduction goes here.

Chapter 2

Preliminaries

2.1 1

Chapter 3

Virtual Knots

Chapter 4

Gordon-Litherland Linking Form

Chapter 5

Gauss Codes and Knot Algorithms

Chapter 6

Computing Mock Seifert Matrices
